Who We Are?

- Arch Builders is a general and specialized contracting and supplies company. Our team includes highly qualified engineers with over 15 years of experience, during which they have successfully delivered numerous projects both inside and outside the Arab Republic of Egypt, through their work with leading consultancy firms and major construction companies.
- Leveraging our extensive experience in the contracting field, we are fully capable of executing projects on schedule, within budget, and to the highest standards of quality ensuring client satisfaction across every project.
- With God's will, Arch Builders is poised for exceptional growth in the coming years. Expanding our presence in the contracting sector is a strategic goal we actively pursue, aligned with the ongoing development and increasing demand for projects across Egypt.

More Information

► OUR GOAL

In Arch Builders, we have a strong goal of building long-term partnerships with many of our clients. We are doing our most to meet the needs of our current and future clients. We are also following an organized path through which we seek to expand our activities so that our services can cover our beloved Egypt.

► OUR MESSAGE

Our message is inspired by the depth of our Islamic morals, where we follow the footsteps of our Prophet when he said

"God loves if one of you does a job to be good at it"

which makes our message to spread the culture of quality in its true sense in the field of contracting in order to create a real competition between our teams & competitor

► OUR VISION

1

-That Arch Builders achieve an advanced position characterized by excellence in the field of contracting and implementation of various projects in public and private sectors in Egypt, bearing in mind the effective contribution to the vision of Egypt (2030), which seeks to apply environmentally friendly technology and alternative energy and implement smart ideas with the participation of successful companies,

2

- Providing services with the highest professional quality & achieve the client's satisfaction of these projects where quality comes on top of our team's priorities.

3

- Cooperation with official agencies to support employment of qualified people to work in the field of contracting.

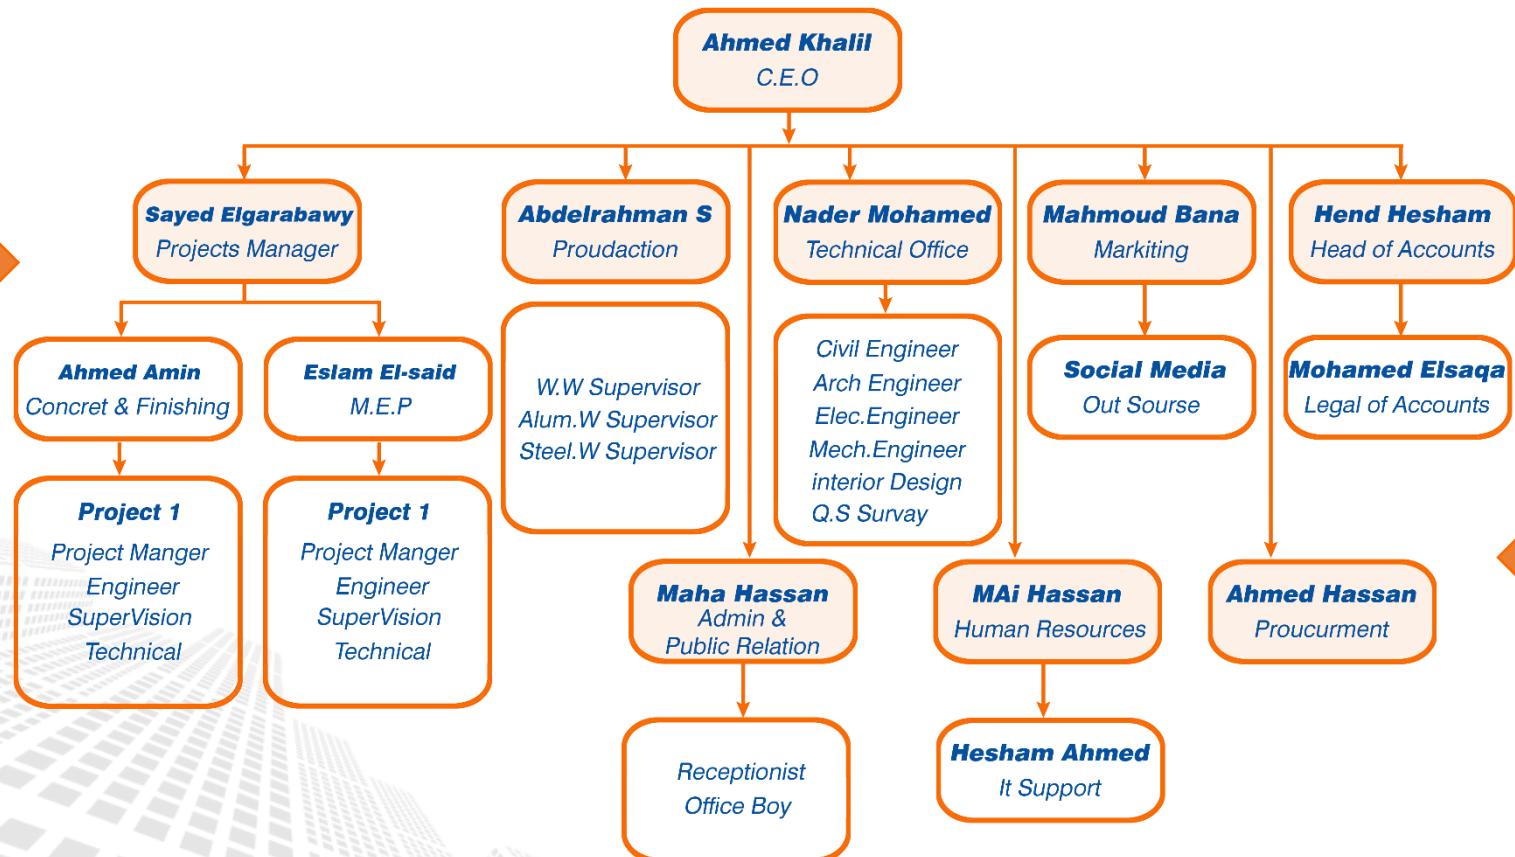

► OUR MISSION

- We believe that the best way to build is by building relationships. That's why we take every opportunity to get to know our clients, and their vision for their space. We're committed to delivering exceptional service and quality work, but it doesn't stop there. We want you to be part of our community, too.

So We believe in ***Your Vision Is Our Mission***
